

FISHING LICENSES

Note: We do not have fishing licenses available at our base. All licenses will need to be purchased online before arrival, or at Devlin's Corner Store (right on the way halfway between Fort Frances and Emo) or Rainy Lake Sports in Fort Frances. Plan accordingly.

If you have fished or hunted Ontario in recent years, remember to bring your Ontario Outdoors Card (looks similar to a credit card, bring this even if it is expired). If you forget this you will be required to purchase a new one. Your license is not valid without it Below is the link to purchase your license online

<https://www.huntandfishontario.com/>

Remember when purchasing online to purchase conservation fishing licenses when doing a fly in trip due to our NO FISH OUT of the lake policy or conservation limits from Trout Lake. The conservation license allows you to eat fish at the lake and is the best value. You only need to purchase the **8 day conservation license** unless you are able to make more than one trip. Be sure to enter the correct trip dates on time specific licenses.

If you are having difficulty purchasing your license online please contact the MNR Outdoors Card Center at 1-800-387-7011
